EQUAL HOUSING OPPORTUNITY

IS IT REALLY THE MOST Wonderful Time of the Year?

We have overcome quite a lot since 2020. Many homeowners are grateful to have refinanced their home and may now be considering an investment property, while other homeowners may not feel the holiday spirit with so many things other on their minds.

You know the song, the one that says “it’s the most wonderful time of the year”. Well, there is something to it. The current year is coming to a close, celebration of Christmas and other faith based holiday celebrations, all mean different things to different people, but most always represent **joy, peace, gratitude and hopefulness.**

If you look around, you will notice a giving spirit exists unlike at other times of the year. Why can’t it be that way everyday of every year?

I believe it can. It just takes effort. Here is what we are doing and how you can help.

Many homeowners wanting to really enjoy this Holiday season are less than enthusiastic because they feel trapped. They are desperate to refinance their home, or many want to exit their current home and give themselves a big Christmas Gift - **a NEW place to call home** (see inside for details).

Why I Support Children's Hospital of Los Angeles:

I have lived and raised my family in greater Los Angeles for more than 30 years. I remember when I first heard about a young person close to our family suffering from a nasty disease and getting treated for that at Children's Hospital of Los Angeles. It was then that I began to pay closer attention to the work they do at that hospital. Since then, I have learned that it is a collection of hard-working health care professionals, most making their home right here in Los Angeles County, all coming together for a common cause. That cause is to help young people overcome unfortunate health issues that life sometimes throws our way.

Being in greater Los Angeles, I take pride in supporting all the good work they do at Children's Hospital of Los Angeles. My team rally's around our annual goal of

raising money and donating portions of our income to help Children's in their quest to heal young people when they need healing. My team and I are committed to providing outstanding results for our buyers and those wishing to refinance that are referred to us by our past clients. I have discovered that Children's Hospital of Los Angeles shares similar commitments to their patients. And since their services survive on sponsorships and donations we are happy to contribute and proud to support them.

I encourage you to visit their website at www.chla.org and check out how they are making a difference in the lives of children and their families!
