MIND YOUR Mom!

Just about every May I sit down to write Homeward Bound; I write about Mom's Day. And why not... it is a very special day for very special people.

My Mom used to tell me, seemingly repeatedly, to do this and do that, not to do this and not to do that. ALL, I recall, very valuable advice. Looking back on it all these many years later, I can say she was, and still is, a very wise woman.

Mother's Day is celebrated to honor mothers and women who have brought peace and progress to the world. It serves as a reminder of what mothers do for us. Even though we are able to – and definitely should – spoil our mothers on any day throughout the year, setting aside a special day gives us an excuse to express our highest gratitude.

So here is a shout out to all Mom's – *Happy Mother's Day!!*

Statistics Show Most Veterans Aren't Using VA Loan Benefits

VA loans are a great benefit for eligible service members, veterans and their surviving spouses. It allows you to qualify for a low-cost mortgage when you're looking to purchase or refinance, even if your credit isn't perfect and will live in the home you're buying with the loan.

Interest Rate Reduction Refinance Loan

If you have an existing VA-backed home loan and you want to reduce your monthly mortgage payments—or make your payments more stable—an interest rate reduction refinance loan (IRRRL) may be right for you. Refinancing lets you replace your current loan with a new one under different terms.

Mothers make the world go 'round. Need proof? According to a study released by the Center for Global Development, women took on an additional 173 hours of childcare in 2020, during the height of the COVID-19 pandemic, compared to an extra 59 hours for men in the household. Not to mention, according to Gallup, women already have primary responsibility for laundry, cleaning, and cooking. To the surprise of pretty much no one, moms do it all. And for all they do, they're celebrated just one day out of the year, on Mother's Day.

Whether you are able to celebrate in person or will connect through phone calls or video chats, let's show our moms, grandmothers and the other maternal figures in our lives that we care.

Epecially the Moms who are sitting right now by their Child's hospital bed not too far from where I type this...

We do that by donating a portion of our income from home sales to this very worthy cause.

Right now, there are kids at CHLA who are trying to beat the Cancer Monster and other nasty debilitating diseases. Children's is one of the best non-profit hospitals at treating kids, even leading the way in early diagnosis of autism and recovery of spinal cord injury. The Mom's with kids being treated at Children's are most likely NOT thinking about their special day this month. They are simply just being "Mom" doing what a real loving Mom does. God bless them for it.

Why I Support Children's Hospital of Los Angeles:

I have lived and raised my family in greater Los Angeles for more than 30 years. I remember when I first heard about a young person close to our family suffering from a nasty disease and getting treated for that at Children's Hospital of Los Angeles. It was then that I began to pay closer attention to the work they do at that hospital. Since then, I have learned that it is a collection of hard-working health care professionals, most making their home right here in Los Angeles County, all coming together for a common cause. That cause is to help young people overcome unfortunate health issues that life sometimes throws our way.

Being in greater Los Angeles, I take pride in supporting all the good work they do at Children's Hospital of Los

Angeles. My team rally's around our annual goal of raising money and donating portions of our income to help Children's in their quest to heal young people when they need healing. My team and I are committed to providing outstanding results for our buyers and those wishing to refinance that are referred to us by our past clients. I have discovered that Children's Hospital of Los Angeles shares similar commitments to their patients. And since their services survive on sponsorships and donations we are happy to contribute and proud to support them.

I encourage you to visit their website at www.chla.org and check out how they are making a difference in the lives of children and their families!
